Azoth Intelligent AI is an Artificial Intelligence platform providing services that support the machine learning life cycle matching your data, with your need, to create your solution/opportunity. Powerful enough to take all your data and demonstrate behaviors associated with human intelligence by planning, learning, reasoning, problem solving and decision making for your business.

## About Bright Apps LLC

### Mission

Our mission at Bright Apps LLC is to develop innovative custom, end-to-end global technology solutions, while providing world class concierge service.

### Vision

Our vision is to create systems that change the way the world does business through expertise and innovation.

## Three Tier Approach to AI

### Predictive

Traditional AI solutions have systems that are given little input and are expected to predict the next output. With Bright Apps Predictive AI an end user can provide data and we will create an AI model that would be ready for predictions. Provides tactical edge with real time results.

### Reinforced Learning

Improving quality and speed through automation of activities allowing businesses to improve performance by:

- Cognitive multitasking with accuracy
- Reducing decision time
- Summarize complex scenarios
- Automate or semi-automate high volume operations

### Recognition & Tracking

Gathering real-time insights into a visualization dashboard by using big data analytical techniques and AI-aided computer vision to identify and extract critical content and classify objects through image recognition and object detection.

## Core Competencies / Differentiators

### Core Competencies

- AI
- Cloud Computing
- Quantum Security
- Custom Software Development

### Differentiators

- AI that becomes the center point to your capabilities
- AI is not replacing the human but AI that interacts with you
- Built on Quantum Secure Algorithms

### Differentiators

- Cutting edge advancements in ML
- Tactical Edge
- Decades Combines Experience
- Qcloud AFCEA Innovator Shark Tank

### Core Competencies

- Disruptive Technologies
- Blockchain / Blockchain Applications
- Custom Website / Website Applications
- Mobile App Development

## NAICS Codes
